

NSDOAF Four Spring 2022 Scholarship Recipients

Emma Lagerhausen (left) is a Junior, majoring in Crop, Soil, Environmental Management – Crop Production Science at Southern Illinois University while carrying a 3.75 gpa. She grew up on a family farm and envisions herself working to make plants more suited to our changing climate.

Jordan Mackdanz (above) is a Senior with a 4.0 gpa, pursuing an Animal Science degree at University of Tennessee, Knoxville. Her childhood dream has been the pursuit of a Doctor of Veterinary Medicine degree while ensuring the longevity of struggling farm and livestock industries.

Samuel Wilkins (below) is a Junior at University of Nebraska, Lincoln with a 4.0 gpa pursuing a degree in Agricultural Engineering and Ag. Economics. His goal is to produce agricultural machinery capable of functioning with near perfect precision in order to achieve higher than ever yields with fewer resources.

Sheridan Wilson (left) is a Sophomore with a 4.0 gpa at University at Nebraska, Lincoln majoring in Grassland Ecology and Management. Following graduation she plans to assist ranchers in developing more efficient grazing plans to maximize pasture usage for cattle without sacrificing plant health .
