Revised January 2022

ABOUT NSDOAF

The National Society Descendants of American Farmers (NSDOAF) is a national organization for men, women and children who are direct descendants of American farmers/ranchers. It is a fairly new society that has been in existence less than three years. No other society has addressed or honored the American farmer/rancher the way this society does. Its purpose is just that: to honor, remember and recognize our farmers/ranchers—past, present and future. Its main mission is to award scholarships to deserving Agriculture university students. Members are encouraged to have fun with no stress. Dues are paid only once, so it never is an issue again.

The purpose is to honor our farmers/ranchers—past, present and future, and our main goal is to give scholarships to college students—sophomore through graduate school with declared agriculture majors.

HOW TO JOIN

National Membership is lifetime. There are no yearly state or chapter dues because there are no state nor local societies. This is different from many other lineage societies. It is actually very easy to become a member. You need to prove that you had an ancestor farmer/rancher between July 4, 1776 and July 4, 1914. If you belong to a lineage society already, then simply use the short form, select one of the listed ancestors whom you wish to honor, find a census or other proof for him or her. You will send directly to the National Registrar the short form, a copy of your other approved lineage society application, the proof, and your membership fee. Approval is usually within a week or two. This can all be done online if desired

If you do not belong to any lineage societies or the farmer/rancher you wish to honor has not already been proven, then you will need the long application form. On it you will need to list births, deaths, marriages of the generations back to the farmer/rancher you wish to honor, and you will include documentation—birth and death certificates and the like and again the proof—like a census--record of your farmer/rancher.

Registration questions, Contact: Registrar National,
Davena Liepman –

MEMBERSHIP

There are several ways to become a member. A regular lifetime Adult Membership is \$300.00. There are also Super Senior Memberships (80+), Youth and Family Memberships available. Applications and full information are on the national website NSDOAF.com. Questions may be directed to the Registrar National.

It should be noted that 60% of all membership fees (additional ancestors recognized by a member) go to the Scholarship Fund.

NSDOAF is an accredited lineage society and on the national level is organized very much like SAR, DAR or Colonial Dames XVIIC. Membership is proven through direct line to a farmer/rancher ancestor. Application must be made, and proofs must be submitted. We all are members of the national society. There are no state or local organizations or chapters.

For scholarship questions, contact: NSDOAF Scholarship Director, Christina Hurst-Loeffler at scholarship@nsdoaf.com For membership questions, contact: Membership Director, Sue Fitzpatrick at Membership@nsdoaf.com.
